

Introducing MyChart

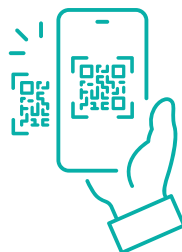

The new online patient portal at
Family Health Center of Worcester

As part of our transition to Epic Medical Records, we are introducing a new **online patient portal** which will be accessible by our patients via a mobile app and a website.

MyChart will provide better access to your medical records and allow you to:

- ▶ Better connect and communicate with your care team
- ▶ Request refills
- ▶ Pay bills
- ▶ View clinical information
- ▶ Schedule appointments
- ▶ And much, much more!

Download the app!
